

Manual Call Points

Surface Mount

Weatherproof

General

Notifier conventional Manual Call Points (MCP's) are designed to be used as a component of a fire control system. These MCP's come in three variants; indoor flush or surface mount and a weatherproof version for use outdoors or in areas where moisture or dust are present.

Features

- Normally Open or Normally Closed operation.
- Transparent cover available.
- CSIRO Approved.
- Sealed to IP24, weatherproof version to IP67.
- Indoor version suitable for flush mounting or surface mounting.
- Anti-tamper facility.
- Enhanced aesthetics and compact design.
- Unique 'Plug & Play' installation concept.
- Total 'Flex-Ability' in the choice of operating element.
